UNIT 3 – RECOMMENDATION REPORT

Compiled by; Rania A-G

AIM & AUDIENCE

1. In this unit you will learn about technical reports writing.

2. You will write reports for various purposes that correspond to college and work situations.

A | THINK AND DISCUSS - IN SMALL GROUPS

P.47

1. Have you ever recommended a product to someone?

   What was the product and why did you recommend it?

2. Rate the following factors from 1 to 4 that make you choose a product

   (**1** being **the least influential** and **4 the most**).

	Recommendations from friends and family
	Social media advertisements
	Online search and reading other users' reviews
	Your budget

3. Compare and discuss your rating with a classmate.

B | RECOMMENDATION CRITERIA

P.47- P.48

Read the following situation and answer the questions in small groups.

Your teacher needs to purchase a new mobile phone that has a long-life battery.

She also likes to take pictures of high resolution. She has set a budget of 350 OMR.

Huawei Mate 40E **256GB**
270.68 OMR
1080x2376 pixels
188 g
4,200 mAH

Image source: consumer.huawei.com

iPhone 12
128GB
354.900OR
2532×1170 pixels
2,815 mAh
6.1 inches

Image source: https://www.apple.com

Galaxy Note 20 Ultra
3088×1440 pixels
8 GB
4300 mAH
517 OMR
6.9 inches

image source: https://www.bhphotovideo.com

1. Which mobile phone would you recommend?
2. Why do you think the mobile you recommended is the most suitable for your teacher?
3. How did you arrive at this choice?
4. What do you think a Recommendation Report is? What do you think it should include?

B | RECOMMENDATION CRITERIA

P.47- P.48

Answers

Read the following situation and answer the questions in small groups.

Your teacher needs to purchase a new mobile phone that has a long-life battery.

She also likes to take pictures of high resolution. She has set a budget of 350 OMR.

Huawei Mate 40E
270.68 OMR
1080x2376 pixels **256GB**
188 g
4,200 mAH

Image source: consumer.huawei.com

iPhone 12
128GB
354.900OR
2532×1170 pixels
2,815 mAh
6.1 inches

Image source: https://www.apple.com

Galaxy Note 20 Ultra
3088×1440 pixels
8 GB
4300 mAH
517 OMR
6.9 inches

image source: https://www.bhphotovideo.com

1. Which mobile phone would you recommend?

   Huawei Mate 40E

2. Why do you think the mobile you recommended is the most suitable for your teacher?

This mobile meets the teacher's criteria. It doesn't exceed 350 OMR (within budget) and capable of a 1080x2376 pixels (high resolution), with 256GB for memory, & it has a 4,200 mAH (long-life battery).

3. How did you arrive at this choice?

After analyzing the teacher's needs and studying the features for each device, **Huawei Mate 40E is the <u>best</u>** option for the teacher.

4. What do you think a Recommendation Report is? What do you think it should include?

- Give advice/suggestion about a product which is suitable to a person's needs
- Include the features of the product, advantages and disadvantages.

C | RECOMMENDATION REPORT STRUCTURE

P.49

1. Read the following Recommendation Report scenario and answer the questions that follow.

Underline the key points, and answer the 2 Qs.

You are Amani Al Balushi, the Head of Educational Technology Center at UTAS- Al-Mussanah. The University is buying computers for teachers. The number of the computers required is 50. They should not exceed 17.000 OMR and come with necessary accessories useful for teaching. Computers should come with high storage capacity. Your task is to advise the Head of Finance Department of the university on which computers to buy. Write a Recommendation Report comparing the two computers and giving your recommendation.

1. **What is the product that Amani Al Balushi has to recommend?**

1. Computers

2. **What are the criteria that Amani will use to recommend the product?**

2. Price, accessories and storage capacity

C | RECOMMENDATION REPORT STRUCTURE

2. Amani **looked at a number of options** and after carefully studying them, she **settled on two products**.

She is going to read the following two texts to **decide on which product to recommend.**

Read the two texts below and complete the table that Amani used to **summarize** her **main findings**.

Underline the key points for product A) Digital Storm Bolt.

P.50

Digital Storm Bolt vs. HP Z220 Workstation	
A) Digital Storm Bolt	**B) HP Z220 Workstation**
Design and Specifications	**Design and Specifications**
The first thing you notice when you look at the Digital Storm Bolt is that it has a completely transparent left panel that lets you watch all its components in action. Everything from the Bolt's graphics card to its cooling fans are in full view. The Bolt has an attractive, black, slim and easily upgradable design. The Digital Storm Bolt's specifications are very impressive for those of you who like to play the latest games. It has a 2TB hard drive and 8GB of RAM. Its Intel Core i7 6700K processor and its Nvidia Geforce GTX 970 graphics card make it the perfect machine for playing games.	The HP Z220 Workstation looks very businesslike. It comes in a black, slim casing with two silver logos on the front (one that says HP, and the other says Z220), and that's about it. Access for upgrading is a little difficult as the panel screws are difficult to locate. The HP Z220 workstation is impressive. It has a 1TB hard drive and 8GB of RAM. Its Intel Zeon processor and Nvidia Quadro graphics card make it very fast and able to handle most work-related tasks.

Features	Digital Storm Bolt	HP Z220 Workstation
A. Design and Specifications	Attractive	Businesslike
	easily upgradable design	
	Intel Core i7 6700K processor and its Nvidia Geforce GTX 970 graphics card	
	2 TB hard drive	

Underline the key points for product B) HP Z220 Workstation.

P.50

A) Digital Storm Bolt

Accessories

The accessory package for the Digital Storm Bolt is specifically targeted at gamers. The Bolt carries all the essentials in terms of ports, starting with the power button, two USB ports and headphone and microphone jacks placed in the front for convenient plug-and-play gaming. It also comes with the latest 'Shudder' joystick and two of the latest action games.

B) HP Z220 Workstation

Accessories

On the front panel you'll find a multi format card reader, 4 USB ports and headphone and microphone jacks. On the rear panel there are two more USB ports and jacks for a keyboard and mouse. As part of your Z220 purchase you will also get a standard keyboard and mouse, an all-in-one scanner, printer and copier, the 64-bit version of Windows 7 Professional preinstalled as well as the latest Microsoft Office software.

A) Digital Storm Bolt

Performance

Armed with the Nvidia GeForce GTX 970 graphics card and 4GB of VRAM, the Bolt is more than capable of playing modern PC games to their full potential. Although it is very quick, it can be noisy and power consuming when handling difficult tasks. The Bolt comes in at a reasonable OMR 250.

Adapted from: https://www.tomsguide.com/us/digital-storm-bolt-x-specs-price,news-24175.html , Michael Andronico January 05, 2017

B) HP Z220 Workstation

Performance

The Z220 is almost silent in its operation and has reduced power consumption, without impacting performance. On the types of business-related productivity tasks, the HP Z220 Workstation is the lead performer compared to other similarly priced workstations. The HP costs OMR 350.

3. AMANI AL BALUSHI WROTE THE FOLLOWING REPORT RECOMMENDING ONE PRODUCT TO THE HEAD OF FINANCE DEPARTMENT.

READ IT AND ANSWER THE QUESTIONS THAT FOLLOW.

P.52

Digital Storm Bolt vs. HP Z220 Workstation

Introduction

As requested, I **researched** buying new PCs **to find out which one would be better for** our teachers. The two PCs I have **investigated** are the Digital Storm Bolt and the HP Z220 Workstation **(A). I will recommend one based on three features which are design and specifications, accessories and performance.**

Design and Specifications

Concerning the design, the Digital Storm Bolt looks attractive, **but** the HP Z220 Workstation looks more businesslike. They **both** come in a black, slim casing. **However**, the Bolt is **easier** to upgrade than the Z220. **As for** the specifications, they are **both** impressive. The Bolt has 2 TB hard drive, but Z220 has only one. The specifications of the Bolt's graphics card and processor are aimed at people who play games. **On the other hand**, the specifications of the Z220 are aimed at people at work.

Accessories

About the accessories the Bolt, the Z220 has a lot more accessories. The Z220 has six USB ports overall **as opposed to** the Bolt's two. **Along with** the standard keyboard and mouse, the Z220 comes with an all-in-one scanner, printer and copier, the 64-bit version of Windows 7 and the latest Microsoft Office software.

3. AMANI AL BALUSHI WROTE THE FOLLOWING REPORT RECOMMENDING ONE PRODUCT TO THE HEAD OF FINANCE DEPARTMENT. READ IT AND ANSWER THE QUESTIONS THAT FOLLOW.

P.52-53

Performance

Regarding the performance, **both** machines are very impressive. **However**, when doing difficult tasks, the Bolt can be noisy and power consuming. **On the other hand**, the Z220 is quiet and has lower power consumption. **As for** the cost, the Z220 is a little **more expensive than** the Bolt. The Z220 is OMR 350, **but** the Bolt is OMR 250.

Recommendation

I would recommend we choose the HP Z220 Workstation **because** its design and features suit our workplace. It has the required accessories for teachers. Furthermore, the price of 50 computers is within the budget. The only weakness compared to Digital Storm Bolt here is that it comes only with 1 TB hard drive which means less storage space for teachers. However, I TB is still considered enough storage for teachers.

4. MATCH EACH PART OF THE RECOMMENDATION REPORT WITH ITS FUNCTION FROM THE LIST OF FUNCTIONS BELOW.

P.52-53

Write only the letter of the function next to the main part in the table.

The first two are given as examples on the next slide.

LIST OF FUNCTIONS:

A. Introducing the two items by giving the full names of the two items to be compared in the report

B. Giving details about feature 1: similarities and differences for both items

C. Recommending the best item by choosing one of the two items for the person to buy

D. Stating the goal for writing the report

E. Giving details about feature 2: similarities and differences for both items

F. Listing all features to be compared

G. Justifying your choice by giving two or more reasons

H. Citing all sources used in writing the report

I. Giving details about feature 3: similarities and differences for both items

J. Giving one or two weaknesses for each item

5. UNDERLINE THE SENTENCE/S THAT ILLUSTRATE THE GIVEN FUNCTIONS AND WRITE THE LETTER OF EACH FUNCTION NEXT TO THE SENTENCE YOU UNDERLINE.

In Summary, the Functions to be Included in the Report

Introduction:

- Stating the goal for writing the report,
- Introducing the two items by giving the full names of the two items to be compared in the report, and
- Listing all features to be compared.

Body Paragraphs:

- Giving details about feature #1 (similarities and differences for both items)
- Giving details about feature #2 (similarities and differences for both items).
- Giving details about feature #3 (similarities and differences for both items).

Recommendation:

- Recommending the best item by choosing one of the items for the person to buy.
- Justifying your choice by giving reasons.
- Giving one or two weaknesses for that item.

Reference List: Citing all sources used in writing the report.
